FIRST INDUCTEE**

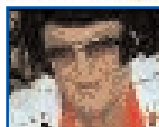

**SURINDER SUNAR OUR
SECOND INDUCTEE**

**BRUNO FITOUSSI OUR
THIRD INDUCTEE**

For new players coming into the world of poker it must be captivating to see certain players winning tournaments again and again. But are they the best players? They certainly have a knack of accumulating chips especially in re-buy tournaments. Of course, once they have established a good chip lead they can raise and bluff and also take a few setbacks on their way to victory. Bluffing in the real world of cash poker is not usually a good idea with the exception of short-handed games (4 players or less). We seasoned players, the elder statesmen of poker, will have this in mind when nominating an inductee into the European Pokers Players Hall of Fame.

Elvis's 30 Questions
